Florida and can't wait to get closer to the beach so I can surf more. Life without music would be unlivable, so I try to get to as many shows as possible. Recently, I've gotten heavily into playing guitar (borderline obsession and loving it). The soundtrack for my daily run is Rage Against the Machine. I love acoustic guitars, cheeseburgers, hockey, NASCAR, and anything to do with the beach.

Peace, love, and rock 'n' roll!
