### **What Happens at Warped Stays at Warped with the Exception of OFC Insider Band Interviews!**

July 30, 2011. Kaleo Wassman of Pepper, headliner band on [Vans Warped Tour](#), took a few minutes to chat with OFC about Pepper the band, upcoming tour plans, the evolution of LAW records and Kaleo's perspective on music in the radio.

Check out the interview on video with photo montage of Pepper from Vans Warped Tour 2011 and Pepper's lifeguard 311 Tour from Milwaukee Summerfest 2010 - Kaleo's "favorite thing to do in Milwaukee."

PEPPER, comprised of guitarist/vocalist Kaleo Wassman, bassist/vocalist Bret Bollinger and drummer Yesod Williams, formed in Kailua-Kona on the Big Island of Hawaii in 1997. Having grown up surfing on the island, it's not a wonder that they would mix their rock "shock and ah" flare, along with their mellow island rhythm roots to create their own truly diverse sound.
